

CMIS TALENT DAY 2024 FEEDBACK REPORT

Event: Cmis Talent Day 2024

Date: 29th June 2024

Venue: CMIS

Time: 8:30 AM - 12:30 PM

Submitted by: Farhana Sulthana. K

Position: Event Coordinator

Overview

The CMIS Talent Day 2024 was a comprehensive showcase of student talent across various categories, including Linguistics, Fine Arts, Innovation & Entrepreneurial Skills, Arts & Crafts, and Sports. The event featured a wide array of activities and saw enthusiastic participation from students of different grades. The organization and execution of the event were managed by dedicated incharges.

Successes

1. **Active Participation:** The event saw active participation across all categories, with students demonstrating their skills and creativity.
2. **Efficient Management:** The incharges effectively managed their respective areas, ensuring the smooth flow of events. The use of specific venues for each category helped in maintaining order and structure.
3. **Positive Feedback:** The overall feedback from students, teachers was positive, highlighting the enjoyment and educational value of the activities.

Concerns

1. **Participation Limitations:** Students were willing to participate in more than one event. However, due to time management issues, we had to ensure that each student could only attend one event. This led to some disappointment among students who were eager to showcase their talents in multiple areas.
2. **Certificate Issues:** There was a lack of proper planning by the certificate incharges, resulting in some certificates being written incorrectly. This caused dissatisfaction among students and parents.

Conclusion

The CMIS Talent Day 2024 was a successful event that provided students with a platform to showcase their talents and skills. While there were some concerns regarding participation limitations and certificate management, the event was overall well-received. By addressing the highlighted concerns and implementing the recommendations, future events can be more organized and enjoyable for all participants and stakeholders involved.

Thanks & Regards

Event Coordinator
